THE PATH TO PROFIT

The trade drawing power of a well lighted store is too well recognized to require discussion. If you have any doubt about it, let our illuminating engineer place a few

Edison Mazda Lamps

in your store and show windows, and watch the result. In the meantime ask him to give you the latest facts about light and lamps. He will tell you how to increase the attraction of your store, without increasing your present light bill.

Municipal Electric Light and Water Works
R. A. EASTERLING, Supt.

Our Southern Friends are Proud of Mexican Mustang Liniment because it has saved them from so much suffering. It soothes and relieves pain soon as applied. Is made of oils, without any Alcohol and cannot burn or sting the flesh. Hundreds of people write us that Mustang Liniment cured them when all other remedies failed.

Mexican Mustang Liniment.

To Prevent Blood Poisoning
Apply at once the wonderful old reliable DR. PORTER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Not a liniment. 25c. 50c. \$1.00.

Spartanburg county has borrowed \$80,500.00 from a New York banker at 4 per cent.

A. M. Chreitzberg, of Spartanburg, has been elected president of the First National Bank of that city to succeed W. E. Burnett, deceased.

Cures Old Sores, Other Remedies Won't Cure.
The worst sores, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c. 50c. \$1.00.

MORE THAN A SCORE PERISH AMID FLAMES.

Thirty Lives Lost in Fire Which Destroy St. Louis Club—Seven Found Dead and Many Missing.

St. Louis, March 9.—That from 30 to 35 guests of the Missouri Athletic club perished in the flames that destroyed the building is the belief of officers of the club tonight.

Seven bodies have been recovered, and from 23 to 29 occupants of the structure are still unaccounted for. At sundown tonight firemen continued the search for bodies in the smoldering ruins under the glare of searchlights.

Though a committee early today opened headquarters at the Press club and asked all who were guests of the Missouri Athletic club last night to report, 30 to 35 did not register and hourly the feeling grew that all these were lost.

Hope was given by Fire Chief Swingley late today that the water could be pumped out of the ruins tonight and that search for bodies might then be resumed.

Seventeen in Hospitals. While the search continued today, 17 persons injured in the fire were under treatment at public and private hospitals.

There was much difficulty in identifying recovered bodies of the dead and some were identified under two or three different names.

The blaze was the most serious as to fatalities of any fire in the city's history. It completely wrecked the seven-story building occupied jointly by the Missouri Athletic club and the Boatmen's bank caused a property loss estimated at \$66,000 and forced the abandonment of the inter-collegiate track meet to have been held in St. Louis under the auspices of the club Saturday night.

The cause of the fire was a mystery tonight. Reports that the blaze was accompanied by a terrific explosion indicating that the fire was due to efforts of bank robbers to dynamite the Boatmen's bank were unconfirmed. Reports of explosions were denied by the night watchman of the bank.

Money in Bank. In the vaults of the Boatmen's bank, which occupied part of the first floor, was more than \$1,300,000 in currency. The vaults were unharmed, the bank officials reported. The bank opened today in temporary quarters a few blocks away.

The number of guests who had rooms in the club houses either permanently or for the night, was about 100. Many escaped, some checked out before the fire, others, it is thought were not there when the flames broke out; some were injured in leaving the club house and the rest are listed among the dead or unaccounted for.

The fire was discovered by a woman who was waiting in the club lobby for her escort, who saw the reflection of the flames in the plate glass windows across the street. Thirty-eight guests on the fifth floor were awakened by Mr. and Mrs. Robert Magill, who refused to leave until they had given the alarm to all within reach. Mr. Magill was house manager of the club. Mrs. Magill was badly burned.

The Danger of Procrastination. (Written by Nina Whitlock of Wesley's Chapel School).

Procrastination is putting off until tomorrow what we could do today. We should not put off until tomorrow any duty that should be done today.

How often do we school girls put off studying our lessons until we go to school, and then some one will come and want us to take a part in the dance or to play and most likely we will go, thinking no more of our lessons, until we are called to the class, then such a chattering and asking some one to prompt us, at that moment we feel, if I should not be called on today, I will try and know my lessons another day, perhaps we will keep our promises for a while, but most likely we gradually get back into the habit of procrastination.

That shows us that we ought never to allow that habit to control us if we do, it is most likely to continue with us forever.

Why can't we do things at once, rather than form the habit of procrastination; never let us neglect our duty, but do what we have to do immediately and then it will not be on our minds. Now, girls and also boys, let us try and follow the motto of not putting off until tomorrow what should be done today.
